**Lismore Waste
Management Facility
Wyrallah Road, Lismore**

**For bookings call 6621 9671
or drop in on the last Friday
of each month**

What will not be accepted at the hazardous waste stores

We will not accept the following materials:

asbestos,
empty containers,
explosives,
flares,
general garbage,
green waste or recyclables,
night soil (sewage tank sludge and residues),
quarantine waste,
tyres,
chemical gas cylinders which are not identified or labelled,
evacuated electrical equipment (such as TV tubes),
infectious and medical waste,
concrete and masonry (unless chemically contaminated and only in small amounts),
steel and car parts,
medicines,
mobile phones and batteries

Please store and transport your household chemicals carefully

Never mix chemicals as this may produce dangerous reactions. Try to keep all chemicals in their original containers.

Ensure containers are clearly labeled and well sealed. If you do not know what is in the container, label it UNKNOWN CHEMICAL.

Liquid can leak during transport. Wrap containers holding liquids securely in newspaper and place them into sturdy plastic bags, then pack in plastic buckets or trays.

Keep household chemicals away from passengers e.g. in the boot.

For more information about disposing of household chemicals go to www.northeastwasteforum.org.au
